Treasurer's Report

- Deanna Isom – Reported that all the revenue has been accounted for fiscal year 2021 except for medical costs. She stated when those costs come in, medical's out-of-compliance will increase \$20,000-30,000. The expenses are still being paid for fiscal year 2021, the numbers are up to date as of last week and invoices and payments are still coming in. All medical contract expenses have been paid but are awaiting true ups. She stated the true ups are trending down and she projects they continue trending down.
- Sheriff Morgan – Asked if the projection for closing out 2021 would be \$30,000 less than what she reflects.
- Deanna Isom – Answered that out of compliance medical would be approximately \$30,000 more. Medical has been trending with a \$145,000 refund once the true ups are completed.
- Chairman DeProfio asked for a motion to accept the Treasurer's Report. Lisa Lucas-Burke moved, and Sheriff Morgan seconded. A call for the roll was taken and the report was unanimously accepted.

Review of Operations and Activities

Medical

- Pamela Westbrook – Greeted everyone and introduced the other medical staff members that were present. She introduced Dr. Clearance Clarke as the Medical Director, April Green as the Mental Health Director, and Jennifer Hodge as the Nurse Practitioner. Ms. Westbrook reported for the month of June there were 17 patients receiving HIV medications totaling 58k, two temporary detainment orders for the state hospital, and one pregnant female with twins. She reported there are three patients with cancer, and one is receiving treatment. She stated there are two new patients diagnosed with cancer, one with prostate cancer and the other has bladder cancer. She reported there are two patients over the age of 65, one patient is receiving assistance with care, one patient needs total care and five dialysis patients. There have been no COVID positive cases for the month of June and they continue to offer the vaccine to staff and inmates who want it. She reported a patient had surgery on 07/20/2021 and another patient has an upcoming surgery in August.
- Robert Geis – Asked for an approximate number of inmates that have been vaccinated.
- Pamela Westbrook – Answered approximately 110.
- Robert Geis – Asked if the 110 was out of the current population.
- Col. Vergakis – Answered it is out of 382 inmates.
- Chairman DeProfio – Asked if all inmates are offered the vaccine.
- Pamela Westbrook – Answered all patients are offered and stated the number would be higher but many have been transferred out.

Security

- Capt. Bhagirath – Stated there is nothing new to report and Hampton Roads Regional Jail (HRRJ) is currently being audited by the Department of Corrections.

Human Resources

- Carla Brown-Anders – Reported there have been a total of 10 resignations with five being retirements. There have been 42 invites with 13 no shows, 22 face-to-face interviews, 10 of the 22 have failed the background check process. She stated 10 people have started and there are others expected to start in August.

Maintenance Projects

- Lt. Nash – Reported since the last Board meeting, transportation has done 380 runs which consist of temporary detainment orders (TDOs), medical appointments, hospital admissions and court hearings. There have been 46 intakes and 47 released. There was a total of 121 court hearings, 921 inmates were seen by medical, 212 maintenance tickets were open with 210 closed. He stated they replaced five uninterruptible power supply batteries in Master Control, contactors and freon in chiller number two and installed the security rails on all the stair exits to the roof.

Mental Health Grant

- Lt. Col. Anderson – Introduced the new Mental Health Grant Manager, Brianna Rogers. He informed the Board she will be giving the report.
- Brianna Rogers – Stated this report is from April 30, 2021, to June 30, 2021. She reported there were 78 referrals for the month of June and out of the 78, 35 percent were accepted into the program. The programming and services that are being provided include recently collaborating with The Counseling Center Agency and starting the Thinking for a Change and Seeking Safety programming. This is a four-hour program that will be held twice a week. She stated their Certified Peer and Recovery Specialists continue to provide support and link clients to available resources inside and outside the jail. A newly hired Clinical Therapist is currently conducting one-to-one individualized therapy. She stated they have purchased mobile computers that will enhance program options. She reported about the aftercare specifically for Hampton and Newport News Community Services Board (CSB) and stated there have been 13 inmates that were released. Out of those 13, two were scheduled with appointments prior to release and all 13 were supplied with behavioral health medication. She reported for Chesapeake CSB, there was a total of 11 inmates and all 11 were scheduled for appointments and provided with behavioral health medication.
- Sheriff Morgan – Asked how many days of medication the inmates are given.
- Lt. Col. Anderson – Answered they are provided with 30 days of medication.
- Brianna Rogers – Continued her report and stated that Norfolk did not have any inmates involved in a warm hand off during the reported period. Portsmouth CSB had two inmates receiving program services and both of those inmates were scheduled for appointments prior to their release and provided with medication.
- Lisa Lucas-Burke – Asked if those released were released to a family member or a supervised program.
- Brianna Rogers – Answered they are released to their local CSB whether that is their home or a housing resource.
- Sheriff Morgan – Asked why the other 11 inmates from Hampton and Newport News CSB did not have appointments.
- Brianna Rogers – Answered that the inmates refused.

- Robert Geis – Asked if there is anything each of the jurisdictions CSB's can do to assist, if Ms. Rogers feels the program is moving in the right direction and how they can ensure she is receiving the right outreach.
- Brianna Rogers – Stated there is ongoing interagency collaboration, she feels things are going in the right direction and everyone is doing their part to help.
- Lt. Col. Anderson – Corrected an earlier answer and stated the inmates are provided with 14 days of medication.

Superintendent Report

- Col. Vergakis – Greeted everyone and added that there are monthly meetings with each city's CSB and there is good communication between them all.
- Sheriff Morgan – Stated they use to have Eastern State Hospital come assist with inmate assessments but with the five facilities being closed he asked how we will proceed.
- April Green – Addressed Sheriff Morgan's questions and stated it's not Eastern State Hospital that comes to HRRJ but a representative from the CSB that provides restoration services to help prevent an inmate from being transferred to Eastern State Hospital. She stated the meetings have been via Zoom since the pandemic started.
- Col. Vergakis – Continued his report stating there have been no COVID positive inmates and HRRJ is still accepting inmates. Currently, the same 16 pods remain closed, and Housing Unit 2 remains closed. For the out-of-compliance inmates, there are 99 state responsible inmates and of those, 45 are out-of-compliance. There are no scheduled pick-ups for The Department of Corrections (DOC). After reviewing the medical costs for the out-of-compliance inmates, six are state responsible inmates. He stated three of the six inmates have an out-of-compliance status but only two are ready to be transferred to DOC. He reported DOC does not have bed space for the two inmates due to their medical issues. One inmate is diagnosed with End Stage Renal Disease, diabetes, and HIV. The other inmate is diagnosed with prostate cancer. He reported for FY21, they have received approximately \$1.48 million in off-site care and there is more remaining for June. The HRRJ Mental Health Grant has been renewed until June 2022 for \$120k. Several Requests for Proposals (RFP) are being worked on. One started July 1st for classification compensation study. He stated there is a bid for the kitchen and shower renovation project and both of those RFP's will close August 3rd. Another is the renovations for restricted housing such as the reconstruction of the cells and the cell doors. Three different contractors have been contacted about the renovation, one with a quote over \$100k, the other \$70k and the third contractor has not sent in their quote. He stated when the third bid is received the RFP will go out. He transitioned to discuss topics about training and that HRRJ is gearing up for the Crisis Intervention Training (CIT). He commended April Green, the Mental Health Director and Lt. Ponds that worked hard towards establishing CIT for HRRJ. He informed the Board the first class will be held from August 16th to August 20th and is open to everyone. He thanked Lisa Lucas-Burke for allowing HRRJ to use one of her facilities. The last thing he discussed for training is hosting a mental health first aid class for all agencies but due to COVID a trainer is unavailable until March 2022.
- Sheriff Morgan – Advised the security upgrades to be submitted to the state for reimbursement.
- Robert Geis – Stated Chesapeake Integrated Behavioral Healthcare has a trainer for mental health first aid and asked if Col. Vergakis would send him an email about the training so he could share with their trainer.

- Col. Vergakis – He stated they have instructors and clarified he wants classes for trainers where the other cities can send staff to be trained.

City Managers Committee Report

- Chairman DeProfio – Reported that a City Managers Committee Meeting was held on July 7th and reviewed how to utilize the jail to meet the various needs of the communities. The City Managers asked that their Assistant City Managers assigned to the HRRJ work on an updated operating model that meets the needs of the member communities and develop a support statement that all communities could agree on. They also asked that a meeting of the HRRJ's Operations Committee be set so that the member community Sheriffs could be engaged in process for developing a new operational model. It was determined that the Finance Committee, which is comprised of the member city Assistant City Managers would work on the tasks identified by the City Managers. On July 12th the Finance Committee met and provided direction to the HRRJ Financial Advisor regarding the parameters for exploring the new operating model and discuss drafting the support statement. He stated the City Managers decided to set time aside monthly to continue open communication.
- Robert Geis – Stated that during these meetings there has been great interaction and dialog. He stated they have engaged with others about different models of the future, and everyone has a common understanding.

Closed Session
