Welcome and Introductions

The meeting was called to order at 10:07 am. Meeting attendees introduced themselves including their position and the organization they represent.

Approval of November 2022 Meeting Minutes

Minutes from the November 2022 VOSAP meeting were approved.

Please email Wyatt Anderson at wyatt.anderson@virginiaabc.com with any edits or corrections that should be made to the November minutes.

Speaker: John Oh and Leslie Egen – FAACT joining us virtually to present on the Framework for Addiction Analysis and Community and Transformation dashboard and data. The slide deck is available alongside these minutes.

VOSAP Updates

Wyatt Anderson of Virginia ABC proposed changes Annual Report, including the addition of data surrounding risk and protective factors of youth substance use. These factors would fall into categories youth access, parent/guardian support, and community support. The group discussed identifying an internal data partner at each member organization to facilitate the efficient and effective sharing of data for the report.

Virginia ABC News and Updates

Education and Prevention Grant Program deadline is coming up on March 1 at 5:00pm. Grants of up to \$10,000 are offered to address underage drinking, social providing/social hosting prevention, or high-risk drinking prevention. Currently process of hiring a new Data, Research, and Evaluation Specialist. The Youth Alcohol and Drug Abuse Project (YADAPP) Kick-Off Conference is back in person, at Longwood University July 17-21. Early bird registration opens April 1.

CCA News and Updates

Hanna Jones was hired as Data and Research Analyst and Rebecca LaBelle was hired as Healthy Policy Analyst. The CCA has is conducting a Safe Driving Campaign, which includes data on opinions and perspectives on driving with cannabis. This data is available on their website along with fact sheets on cannabis laws.

DCJS News and Updates

DCJS is preparing for the upcoming School Safety Training Forum. Age-appropriate videos for K-12 students have been created to address school threats.

CCoVA News and Updates

Travis Fellows joined as the new coordinator. CCoCA has been tracking and monitoring legislation in the General Assembly. The next monthly virtual meeting is on March 6 in which data from young adult surveys, logic models will be presented. CCoVA is working with VDH on opioid prevention strategy grants with twenty grant applications. CCoVA is targeting a fall Summit event in Roanoke.

DBHDS News and Updates

DBHDS will possibly receive funding for cannabis use prevention programs, depending on the outcome of bills the General Assembly. On January 26, DBHDS Office of Behavioral Health Wellness convened a kickoff for a Youth Cannabis Advisory Workgroup to ensure that all agencies involved in the oversight and prevention of youth cannabis use are coordinated, working together, and aligning strategies.

DJJ News and Updates

DJJ is working with VFHY on a three-year grant, promoting the Catch My Breath program. On the juvenile side, DJJ was just awarded twelve grants.

DMV

DMV is currently in the FY 2024 grant application process. Grants will close on February 28. In 2023, 320 grants were distributed. There is now a focus on doing more community engagement and education. Most applicants are law enforcement and state agencies, but it is open to non-profit organizations focusing on community engagement and education. Highway Safety Summit

possibly in May of this year.

DSS News and Updates

DSS' Speak Out program is addressing policy to support youth in foster care. Recovery Ally is addressing risk and protective factors surrounding substance abuse in families. Working on the Governor's behavior health initiatives .

VDH News and Updates

Violence and Substance Abuse Prevention Epidemiologist just started at VDH.

VDOE News and Updates

VDOE is promoting the [Governors' Physical Activity Program](#) to enhance the overall health and well-being of school personnel and model and inspire healthy lifestyles for students.

PBS is creating videos to be placed on school websites for parents/community. The Hidden in Plain Sight is being recorded. What should parents know about vaping/opioids/gambling?

There are a number of legislative initiatives if any would be willing to serve as a reviewer.

- [HB 1073](#) Parental educational information; tobacco and nicotine vapor;
- [HB 1108 D](#). Instruction concerning gambling and the addictive potential thereof,
- [HB 1215](#) Grades seven and eight physical education class shall include at least one hour of public safety training;
- [HB 850](#) Lyme disease; instructional resources and materials:
- [HB 1023](#)- Family life education optional instruction on human trafficking of children

VBOE guidelines for HB 1108 D Instruction concerning drugs, alcohol, substance abuse, tobacco and nicotine products, and gambling.

- D. Instruction concerning gambling and the addictive potential thereof shall be provided by the public schools as prescribed by the Board.

Other legislation of interest related to age-appropriate mental health course of instruction (SB 818), hazing prevention training (HB 1102), Title IX and sexual harassment prevention training (HB 1560), safety while accessing technology (HB 1575).

Applied for CDC Grant, School-Based Interventions to Promote Equity and Improve Health, Academic Achievement, and Well-Being of Students

- In collaboration with the CDC, Virginia Department of Health (VDH), and other key partners like Charlottesville City Schools, we aim to enhance academic achievement by focusing strategies and activities within the context of the Whole School, Whole Community, Whole Child (WSCC) model to improve health for generations of students.

VSP News and Updates

Registration for YOVASO's Youth Retreat opens March 27, with the conference being held the week of July 10 at James Madison University. This year's theme is decades.

Arrive Alive campaign is happening this spring beginning in March, promoting safety around Prom and graduation events.

Upcoming Dates

The final meeting for the fiscal year will be held on May 18, 2023.

- Request for potential speakers for the May meeting. If interested, please reach out to Wyatt Anderson at wyatt.anderson@virginiaabc.com.

Planning for the Annual Report

- March 15, 2023 – Identify an internal data partner and share with VOSAP Facilitator
- June 15, 2023 – Complete VOSAP Data Survey
- July 15, 2023 – Schedule an interview with VOSAP Facilitator

Public Comment

The meeting adjourned at 11:28 am.

Respectfully submitted,
Wyatt Anderson
VOSAP Facilitator

VOSAP Collaborative Quarterly Meeting

February 16, 2023

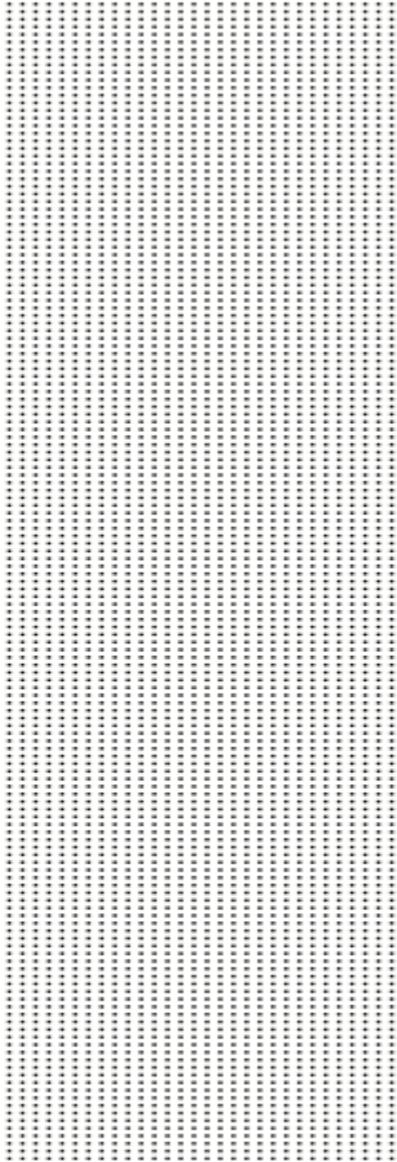

10:00 a.m. – 12:00 p.m.

Welcome & Introductions

Approval of November 2022 Meeting Minutes

John Oh – Framework for Addiction Analysis and Community Transformation (FAACT)

VOSAP Updates Changes to Annual Report

From outputs to analysis

- We have historically focused VOSAP Annual Report around outputs.
 - Review of state and national youth substance use trends
 - Description of prevention programs
 - Spending and reach/participation figures in each region

Table 6. An overview of regional population and prevention effort reach and financials

Region	2020 Population	FY22 Reach	% of Population Reached	Spent in FY22	Spent per person in FY22
Central	695,056	86,775	12.48%	\$470,893	\$5.43
Eastern	139,913	87,606	62.61%	\$461,159	\$5.26
Hampton Roads	1,702,855	211,703	12.43%	\$932,293	\$4.40
Northern	2,968,373	398,405	13.42%	\$1,056,620	\$2.65
Richmond	1,257,119	242,728	19.31%	\$1,409,787	\$5.81
Southside	372,316	112,540	30.23%	\$719,495	\$6.39
Southwest	808,516	239,522	29.62%	\$1,231,914	\$5.14
Valley	628,962	102,766	16.34%	\$666,937	\$6.49

From outputs to analysis

- Our data can be organized to tell a more comprehensive story on youth substance use, with clear recommendations.
- What is the status of youth substance use in Virginia?
 - Highlight trends in Youth Risk Behavior Survey and Monitoring the Future
- What are it's causes?
 - Lay out specific risk and protective factors
- How does our prevention work address these causes?

Risk and protective factors

High Risk Substance Use in Youth | Adolescent and School Health | CDC, Preventing Drug Use Among Children and Adolescents -- A Research-Based Guide for Parents, Educators, and Community

Risk Factors

- Drug availability
- Association with delinquent or substance using peers
- Family history
- Favorable parental attitude towards the behavior
- Poor parental monitoring
- Parental substance use
- Family rejection of sexual orientation or gender identity
- Lack of school connectedness
- Low academic achievement
- Childhood sexual abuse
- Mental health issues

Protective Factors

- Parental or family engagement
- Family support
- Parental disapproval of substance use
- Parental monitoring
- School connectedness
- Impulse control

Focus Areas in Report

Youth Access

Caregiver Support

Community Support

Focus areas in Annual Report

- **Youth Access**
 - e.g., state police data, alcohol sales to minors
- **Caregiver Support**
 - e.g., data from various parent education programs
- **Community Support**
 - e.g., data from programs supporting school connectedness and treatment for trauma and mental health issues
- To aid our efforts in sharing data, we would like to identify an internal data partner in each agency.

Timeline for Annual Report data

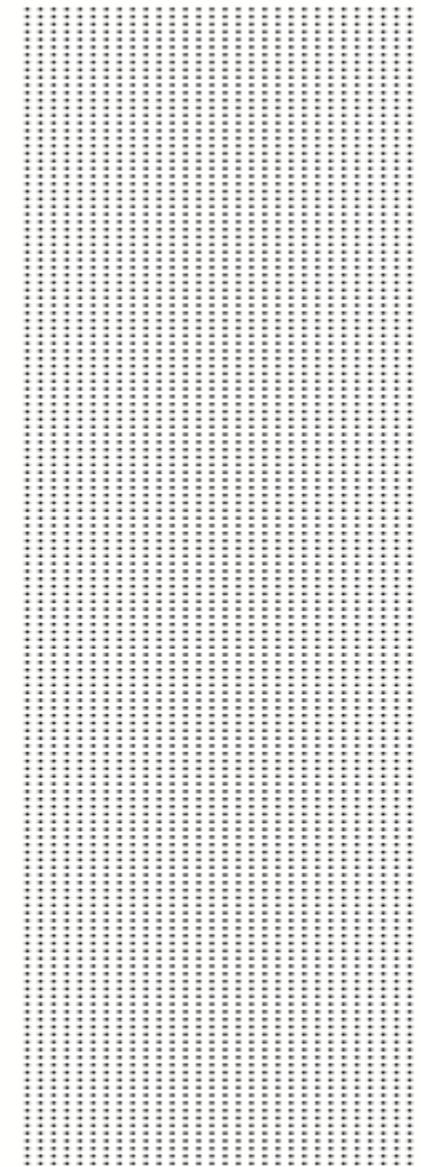

- **March 15** – Identify internal data partner and share with VOSAP Facilitator
- **June 15** – Complete VOSAP Data Survey
- **July 15** – Schedule an interview with VOSAP Facilitator

Group Discussion

Agency News and Updates

Upcoming Events

Things to Note

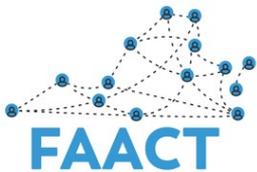

- **Fiscal Year 2023 Meeting Schedule:**
 - May 18, 2023

 - 804-977-7440

Public Comment

FAACT Overview

What is FAACT?

Framework for Addiction Analysis and Community Transformation (FAACT) is a resource for data and answers to help understand and act to address the opioid and addiction crisis

- ▶ Brings data together from public and private entities across disciplines
- ▶ Provides relevant and tailored information from the data for local and state-level stakeholders
- ▶ Generates proactive and predictive information to help prevent further negative impacts
- ▶ Provides comprehensive user and analytical support to get users engaged and armed with the intelligence they need
- ▶ **No financial costs** for agencies to participate.

What does FAACT Do?

The project enables Virginia to...

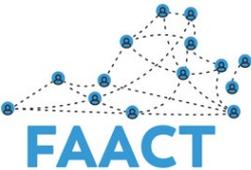

- ▶ **Identify people at high risk** for developing substance use disorder
- ▶ **Improve allocation** of scarce treatment and recovery resources
- ▶ Transform opioid response from **reactive to proactive**
- ▶ **Empower the future of research** into the opioid and addiction epidemic

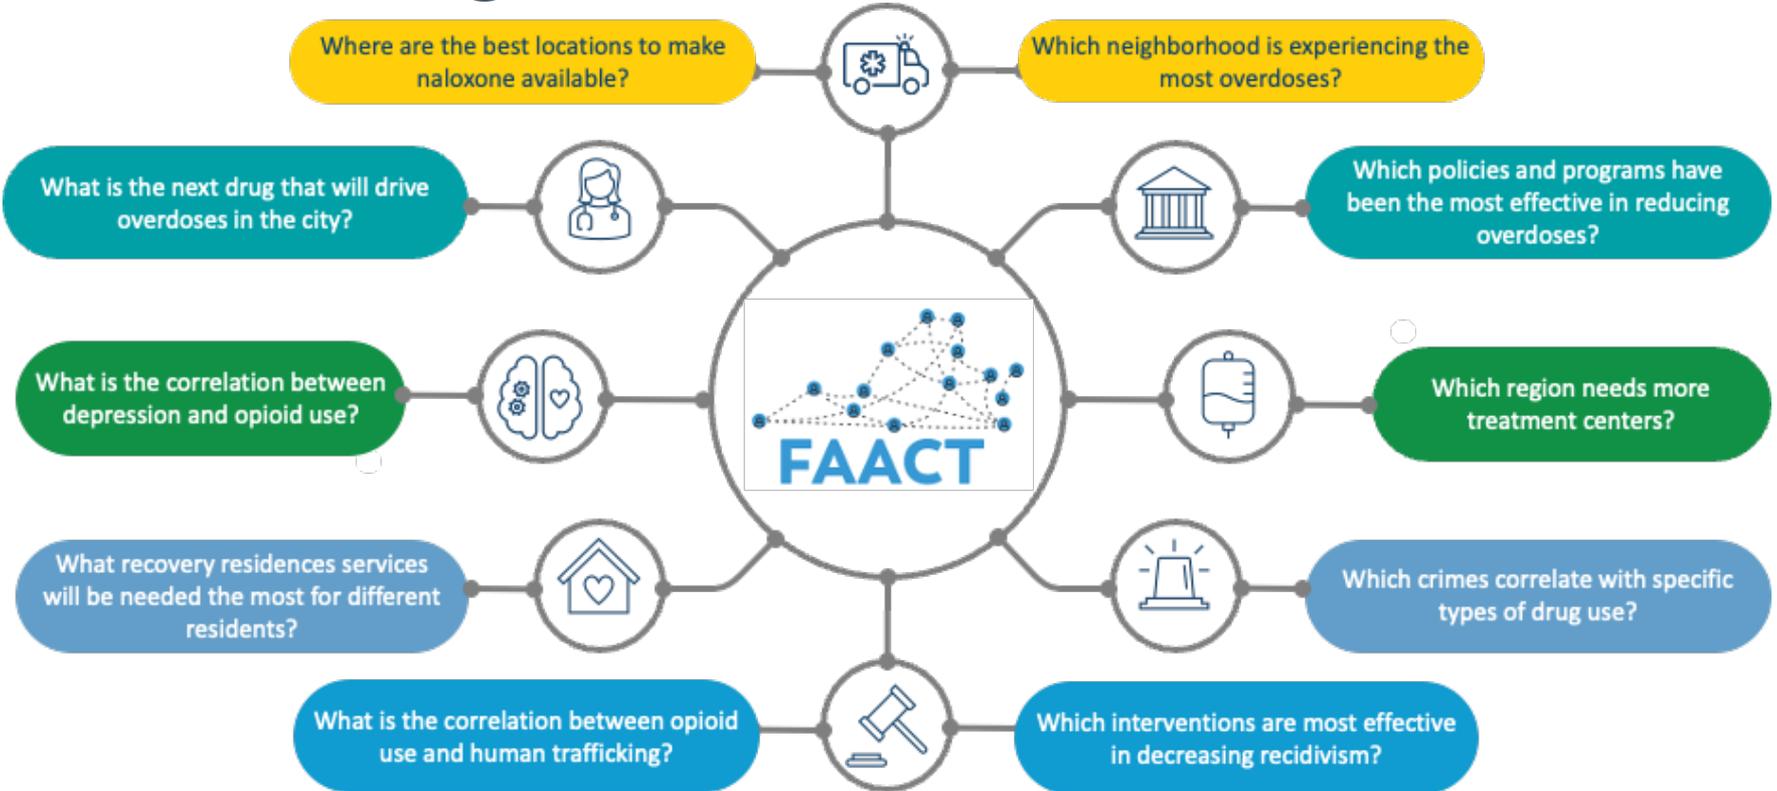

FAACT is the only platform of its kind in the Nation and is the leading data platform for SUD/ODU Data Sharing and Intelligence

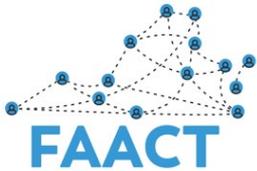

National Association of State Chief Information Officers' (NASCIO) State IT Recognition Award Winner

Communities Struggle, Lacking Actionable Information

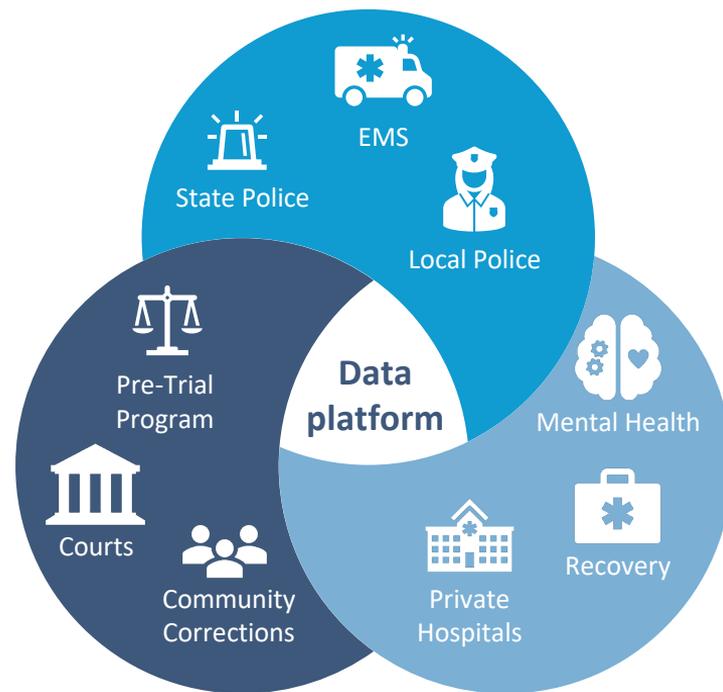

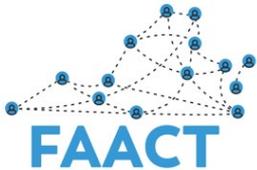

For more information related to the data please visit: <https://va-idea.freshdesk.com/support/home>

Platform data integration

- Provides a 360° view of the addiction crisis by collecting relevant data and providing analytics from government agencies and organizations across the Commonwealth with historical and current data.
- Enables actions via usable data at both the community and Commonwealth levels through standardization and modern reporting solutions.
- Collaborating with DCJS and DBHDS, FAACT has created executive reporting consolidating VSP, DFS and many other sources into trends analysis.
- Communities are supported with their locality public safety trends via an email alert about current news.

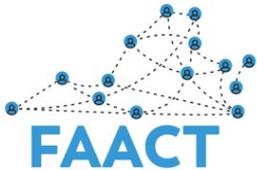

Where FAACT is Focused in 2023

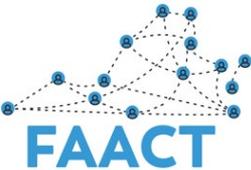

- ▶ Partnering with DBHDS on the Governor's initiative to reduce fatal overdoses by 20%
 - ▶ Naloxone Distribution Dashboard
 - ▶ Interagency Executive Overdose Dashboard
 - ▶ Resource Locator Application
 - ▶ Public facing SUD dashboards
- ▶ Supplying data and analytical support for the Opioid Abatement Authority
- ▶ Continuing to expand the breadth, depth, and quality of the data available on the platform by developing tailored visualizations based on localities needs
- ▶ Delivering additional dashboards applications and advanced analyses for the FAACT user community
- ▶ If funded we can expand our work on violence, gangs, and human trafficking data

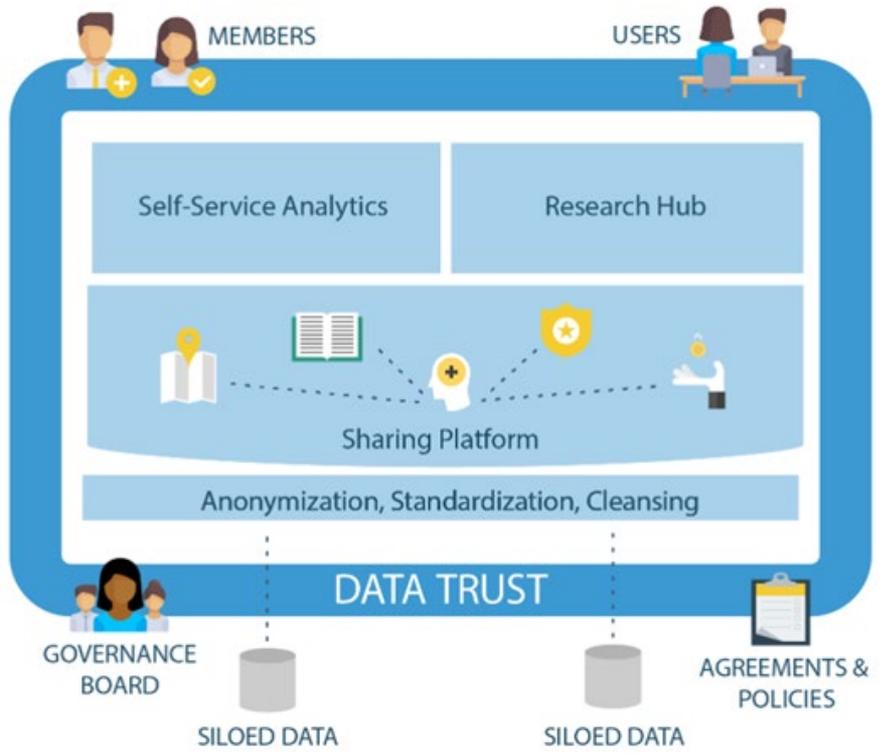

VA Commonwealth Data Trust

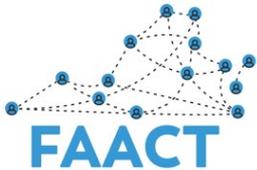

- **Legal Documentation** - Each use of the data is approved and recorded
- **Data classification tier** - Specific handling practices based on the sensitivity of the data
- **Data Steward asset approval** - Review and affirm data presentation
- **Use case-based access** - Groups for user accounts, Distribution Lists for reports
- **Monitoring** - Compliance, access, usage

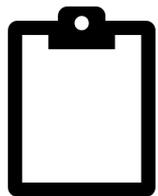

Data Sharing Platform Architecture

How Does Participation Work?

Take Survey

**Schedule Follow Up
Conversation**

**Meet with FAACT Team
Member**

**Receive customized
reports**

**Training & On-going
Support**

- Complete the FAACT Data User Survey (<https://www.surveymonkey.com/r/FAACT>)
 - 5-minute survey
 - Gathers individual user requirements
 - Determines appropriate level of user access
- Contribute regional, statewide, and national datasets via the Commonwealth Data Trust
- Receive appropriate training and customized solutions to meet individual analytics requirements
- Access resources and materials plus dedicated on-going support (Technical and Online)
- Forward survey URL link to interested parties to help drive broader participation and build the community of FAACT users
